ABOUT IBHUMA EVENTS

Established in 2023, Ibhuma Events is a business networking **boutique events platform** pioneered by Bracefield Investment Group and Pinaco & Co aimed at facilitating inter-country trade and investments.

1 VISION

To **redefine executive networking** in Africa by curating exclusive platforms where elite entrepreneurs, investors, and C-suite executives converge to unlock opportunities.

2 MISSION

To facilitate **trade and investments** in Africa through connecting groundbreaking business ideas to strategic capital that drives Africa's economic transformation.

3 VALUES

- **Integrity:** Our word is our bond.
- **Excellence:** We deliver the highest quality in every project.
- **Partnership:** We believe in the power of collaboration.
- **Impact:** We are dedicated to making a positive and lasting difference
- **Adaptability:** Africa is dynamic, and so are we.

Ask not what your country can do for you,
ask what you can do for your country

- US President, John F. Kennedy

The IBHUMA Brunch is a business networking event that exudes exclusivity, bringing together business leaders and entrepreneurs from various sectors in Eswatini and South Africa. This invite-only event “translates boardroom conversations into a social space” in a manner akin to how golf facilitates business conversations.

I **“Ibhuma”** is a Swati name for the majestic African “bulrush” – a tall perennial grass-like plant that grows in wetlands, used for weaving strong mats, baskets and chair seats. As a bulrush grows near water sources, the event will be a platform for strategic placement of participants where there are business opportunities and resources.

Ibhuma Brunch is a platform where transformational ideas soar, and

connections flourish amidst an atmosphere of grandeur. The event is hosted by Bracefield Investment Group (BIG) at Summerfield Botanical Garden & Exclusive Resort, in Eswatini on November 22, 2025.

BIG is a South African company specializing in investment advisory and commodity trading, with a strategic focus on the natural resources and renewables sector (*see page 7*).
